DIVER STARTS ON RETURN TO GERMANY

Expect Submersible Will Put Into Newport News, Va., This Morning

Capt. Koenig's Last Words Are of Praise for America and His Treatment By Officials

CRUISER MOVES INTO ROADS

BULLETIN.
BALTIMORE, Md., Aug. 2.—The Deutschland passed Solomon's Island, 90 miles south, at 2:30 a. m. She was making 16 knots an hour. The tug Timmins was at her side, off the port stern. Every steamer passed blew whistles of salute. There was no indication as to when the submarine would stop. It seemed that she was going right down to the capes.

BALTIMORE, Md., Aug. 1.—The German Submarine Merchantman Deutschland today set out from Baltimore on a return voyage to Germany with a declaration from her commander, Captain Paul Koenig, that he would take her home in spite of the heavy odds she would face. The submersible was towed out of the slip where she was berthed 23 days ago at 5:40 o'clock this afternoon and it is expected that she will put into Newport News, Va., tomorrow morning.

After getting into midstream the tow line of the tug Thomas F. Timmins was cast off and the Deutschland proceeded under her own power. The Timmins was on one side, the coast guard cutter Wissahickon on the other and the harbor police boat Lannan brought up the rear to prevent undue crowding by the small fleet of launches that followed. Annapolis, 30 miles south of here reported that the Deutschland passed there at 8:45 o'clock. The tug Timmins alone was conveying and but one vessel was following, a newspaper dispatch boat.

Captain Koenig and his crew of 27 men put to sea with the knowledge that a man hurried to a telephone with a message to agents for the entente allies that the Deutschland had started. They knew how long he had watched at the end of a nearby pier, day and night. The captain's last words in the harbor were of praise for America and for his treatment here by Baltimore authorities. To Guy Steele, surveyor of customs, he said:

"We came here dubious about our reception. We go back certain that the friendliest of feelings exist in America for Germany. You have been more than courteous, and the fatherland will not forget it."

Captain Koenig knows that eight warships of the entente allies are waiting for him at the edge of the three mile limit, spread out in a radius of five miles.

"We shall have to pass unseen within that radius in order to escape," he said. "We shall have to make that passage under conditions not entirely advantageous to us. Were the water at that point 150 feet deep it could be easier. We could submerge deeply enough to pass underneath the warships. But the water there is not 150 feet deep. We shall therefore have to pass between the warships."

There were not more than a hundred persons in the vicinity of the pier when the Deutschland came out from behind the screen of barges and beside two newspaper dispatch boats there were only four launches in the stream. The spectators cheered and waved handkerchiefs as did the sailors on board the interned [North German Lloyd Steamer Neckar. On the conning tower of the submarine at the feet of her little commander, there was a huge basket of roses and white flowers the last gift of a Baltimore admirer, whose name Captain Koenig never may know.

The final movements in connection with the departure of the Deutschland began a few minutes before 4 o'clock. At that hour unusual activity was noticed aboard the Neckar. A little later the coast guard Wissahickon was observed making its way into the inner basin. Then the harbor police boat Lannan came up to the pier where the submersible was berthed. Shortly before 5 o'clock the small power boat Efoe towed aside the boom of logs which had been placed in front of the slip to cut off any approach to the undersea boat. The coast guard cutter backed into the slip alongside the

FAILURE OF EFFORTS TO AID POLAND IS REGARDED AS INEVITABLE

Germany Serves Notice That in View of "Impracticable Conditions" Imposed by England "Further Negotiations are Devoid of Purpose."

Washington, Aug. 1.—Failure of efforts made by the United States to extend aid to the people of Poland is regarded by officials here as inevitable.

Germany in a note reaching the state department today served notice that in view of the "impracticable conditions" imposed by Great Britain on shipment of relief supplies "further negotiations are devoid of purpose."

The British foreign office already indicated that it had said its last word on the subject in agreeing to permit shipments provided no native food would be taken by Teutonic armies occupying Polish territory. There is still a slender possibility that the personal appeal sent by President Wilson to rulers of the belligerent countries may result in some concession.

Intimations have reached Washington that the harsh rules imposed on Poland soon may be applied to Belgium. It would occasion no surprise if Germany withdrew her undertaking to permit Belgians to retain their native crops and Great Britain cancelled privileges extended American relief societies in sending supplies into Belgian territory.

NAVAL OFFICERS VOICE DIFFERENT OPINIONS ON CHANGE IN SYSTEM

WASHINGTON, Aug. 1.—Differences of opinion on senate amendments to the naval bill providing for promotion of Rear-Admirals and Captains by selection instead of seniority were voiced by high naval officers today before the house conference on the bill.

The change was opposed by Rear-Admiral Badger, retired of the general board and Rear-Admiral Strauss, chief of the bureau of ordinance. It was supported by Rear-Admiral Blue in charge of the navy personnel.

"The selection system would upset the service by elevating men of lower rank over others," said Admiral Badger. He declared it would lead to over-emphasis of navy politics. Admiral Strauss said the selection plan would "tear the navy to pieces."

Admiral Blue asserted it would insure that young and efficient officers were put in important positions and that incompetents were retired early.

ISSUES ORDER AS PRECAUTION AGAINST INFANTILE PARALYSIS

SPRINGFIELD, Ill., Aug. 1.—An order requiring all persons accompanying children departing from any community within 25 miles of either Cherry, Decatur or East St. Louis, to report to the health authorities at their destination immediately upon their arrival as a precaution against infantile paralysis, was issued today by Dr. C. St. Clair Drake, secretary of the state board of health. In these three districts the disease is most prevalent, a report issued today shows. In and near Decatur there are 11 cases; near East St. Louis 16 and near Decatur 18.

TO RELEASE MILITIA TODAY

Ottawa, Ill., Aug. 1.—All of the state militia that has been on strike duty at LaSalle, for the past few weeks will be released tomorrow morning. This announcement was made tonight by Sheriff David.

Timmins and the police boat Lannan also went in beside the Wissahickon. At 5:38 P. M., the Timmins slowly moved out of the slip, but backed again. Two minutes later the tug started out and when it was seen that her tow line was attached to a sea green hulk a cheer went up from the watchers.

It was about 6:30 o'clock when the log booms were removed and a net was thrown overboard between the Efoe and the Timmins and they started away abreast. The search for something which might have injured the Deutschland was without result.

The manifesto for the Deutschland's return cargo has just been made public but in addition to large quantities of crude rubber and nickel it is believed she carried several hundred thousand dollars in gold.

Cruiser Moves Into Roads.
Norfolk, Va., Aug. 1.—The armored Cruiser North Carolina and two destroyers which have been doing neutrality duty along the three mile limit off Cape Henry moved into Hampton Roads tonight about the time the Deutschland cleared from Baltimore. While only one ship of the allied patrol was in sight at sundown today it was believed others were near.

The consensus of opinion among seafaring men here is that the Deutschland will not attempt to escape from American waters in the day time. They expect her to put into some secluded point and wait the coming of darkness to make her dash.

MANY UNION MINERS LEAVE ROSICLARE

DECLARE DEPUTY SHERIFFS ORDERED THEM TO QUIT COMMUNITY

Accuse Sheriff of Appointing as Deputies Armed Guards Employed by Mine Owners—Col. Shand Goes to Rosiclare to Investigate.

Elizabethtown, Ill., Aug. 1.—Scores of union miners, many of them accompanied by their families, came to Elizabethtown from Rosiclare today reporting that they had been ordered to leave that community by six o'clock tonight. The order, they said, came from deputy sheriffs acting under orders of mine officials and with approval of part of the town officers of Rosiclare. They accuse the sheriff of appointing as deputies armed guards employed by the mine owners.

The developments were a sequel to the shooting affray of yesterday in which three men were wounded two probably fatally.

One woman, wife of a union laborer, came here today with six of her seven children.

She said her oldest son and her husband had driven to Eldorado, Ill., with their household furniture. There were many other families in similar straits. Feeling is running high through the county and the arrival of state officials from Springfield is awaited with interest.

Col. Shand Goes to Rosiclare.

Springfield, Ill., Aug. 1.—Non-union men armed with guns are ordering all union men to leave Hardin county, where a strike is in progress at the Rosiclare Lead mines, according to a telegram received today by Governor Dunne from J. H. Ricketts, mayor of Rosiclare. Governor Dunne immediately dispatched Colonel Richings J. Shand, assistant adjutant general and James F. Morris, secretary of the state mining board, to Rosiclare to investigate.

The first telegram received from Mayor Ricketts said:

"Non-union men armed with guns ordering all union men to leave the county. Many leaving. Peace guards uncontrollable. They have ordered everybody to leave home. Everybody afraid to stay in Rosiclare, investigate."

A short time later came another message stating the guards put on by Sheriff McGinnis of Hardin county have ordered the city police of Rosiclare to surrender their authority and also ordered the councilmen to resign. Mayor Ricketts says the councilmen did so. He asks the governor for advice as to what course to pursue.

Both telegrams were dated at Elizabethtown, near Rosiclare.

Colonel Shand and Mr. Morris departed for Rosiclare at eight o'clock.

GONZALES ASKS FOR ORDERS AS TO DISPOSITION OF BANDITS

EL PASO, Tex., Aug. 1.—General Francisco Gonzales today asked General Jacinto for orders as to the disposition of the three bandits captured near San Ygnacio, Chihuahua Saturday belonging to the band which yesterday engaged a joint command of United States cavalrymen and Carranza troops on American soil. General Gonzales intimated the outlaws will be executed.

The two bandits who escaped are being pursued by Mexican soldiers.

Robert L. Wood, the customs inspector who was killed in the skirmish yesterday was a resident of Strawberry Point, Iowa. He was unmarried, and so far as is known, had no relations.

FAIL TO RATIFY ENDORSEMENT.

New Orleans, La., Aug. 1.—The Louisiana state Progressive convention held here today failed to ratify the national committee's endorsement of Charles E. Hughes, Republican nominee for president. Instead the convention adopted a resolution directing that John M. Parker's name be placed on the ballot under the Progressive emblem as candidate for vice-president, but that the space reserved for the name of the presidential candidate be left blank.

MEDIATORS MEET TODAY

New York, Aug. 1.—With federal mediators ready to begin tomorrow their attempt to end the 14 weeks strike of 60,000 makers of women's garments, one hundred and fifty manufacturers of mens clothes locked out 15,000 workers today. They plan to close more shops tomorrow, it was said and to throw out of work a total of more than 30,000 employees.

DEATH Baffles Police

Quincy, Ill., Aug. 1.—Police authorities of this city today were baffled by the mystery surrounding the death of Michael Gurn, 67 years old, a hermit fisherman, who was found dead in his cabin along the bay front with a bullet hole in his head. Every indication was that he was murdered but not a single clue was found nor can a single motive be assigned.

TELEGRAPHIC BRIEFS

CHICAGO—Unkind footpads took the shoes of Thomas Crist of Columbus, Ohio, as well as pocket change amounting to \$25 and his coat.

CHICAGO—Harry Monroe credited with having converted the Rev. W. A. Sunday, the evangelist to Christianity, is dead as the result of an injury in a street car accident last November.

COLLINSVILLE, Ill. — Henry Winters, a wealthy farmer living near here shot and killed his wife and then committed suicide. They had quarreled over the use of an electric iron.

CHICAGO—Subnormal mind conditions are to be the subject of a survey which opened under the direction of the Rockefeller Institute.

CARROLLTON, Ill. — Wilbur Wells of Detroit, Mich., and Miss Martha Norton of Carrollton, both deaf mutes, were married here. The ceremony was written and questions answered in the same way. They will reside in Detroit.

EL PASO, Texas.—Colonel Valdez Leal, chief of staff to General Jacinto Trevino in civilian clothes recently visited each of the camps of the twenty five thousand national guardsmen on station here, according to unofficial reports at military headquarters.

CHICAGO—A funeral was interrupted and five men were placed under arrest at an open grave in Oak Ridge cemetery by a motorcycle policeman for exceeding the speed limit. The men arrested were chauffeurs who had driven the mourners to the funeral of Mrs. Henry Howard.

EL PASO, Texas.—Dispatches received from Mexico City by Andres Garcia, local Mexican consul, said that for the first time the Carranza government is preparing to coin gold money. For the purpose of making twenty pesos pieces it was said, \$1,500,000 worth of 23 carat gold has been purchased.

War News Summarized

Violent battles are still being fought between Russians and Austro-Hungarian and German forces from the Pripiet river marshes in Russia to Galicia—a distance of about 200 miles.

Comparative calm prevails on the front in France, except near Verdun. West and south of the Thiaumont work a German attack was put down by French guns and later the French made some progress south in a grenade attack. Germans on the Vau-Chapin line took some French first line trenches but were driven out.

The situation in the Somme region has undergone virtually no change since the concerted advance by British and French Sunday and the recapture Monday of a narrow front they had taken west of Fordeaux wood.

Russians who have reached the western bank of the Stokhad river near Stolsysva and Smolary, have been forced to sustain a heavy counter attack by German infantry which Petrograd says was repulsed with heavy casualties. Berlin asserts that Russians are exhausting themselves in futile attacks and that they have been thrown back three times near Smolary. Berlin claims another defeat for Russians near Pors, while Vienna says that west and northwest of Lutsk Russian attacks have ceased "obviously owing to the heavy losses sustained."

In Galicia, according to Petrograd, Russians have crossed the Korpetz river near Tchekuvudenska taking more than 1,000 Austro-German prisoners during the operations.

Southwest of Burkanov and west of Buczac, there has been lively fighting but with no changes in positions reported.

In the Caucasus Russians have advanced farther from Erzincan toward Sivas and also made progress in the direction of Mosul.

Turks according to Constantinople have repulsed Russian attacks near Baschkeny. On the Egyptian front, Constantinople says Turks are gaining ground westward.

Austrian attacks on Italians on Monte Cimone, on the Letti Communi plateau and in the Tofano sector were repulsed, according to Rome, and a slight advance was made by Italians in the Fravignolo valley.

BRITISH OCCUPY PORT

London, Aug. 1.—British troops operating in German East Africa have occupied the Port of Pangani, on the east coast, says an official statement given out tonight.

MUST MOVE CARS LADEN WITH HIGH EXPLOSIVES

JERSEY CITY RAILROADS ARE GIVEN FORTY-FOUR HOURS TO OBEY

City Commissioners Act to Prevent Possible Recurrence of Explosions Like the One Sunday—Policeman Dies Increasing Death List to Five

New York, Aug. 1.—By a vote of four to one of the city commissioners of Jersey City today ordered the removal and exclusion from the city of freight cars laden with high explosives.

Railroads were given 48 hours notice to obey the requirements of the resolution.

The summary action of the commissioners was taken to prevent possible recurrence of explosions like the one Sunday morning.

Director of Safety Hague asserted that protests had been lodged with the president of the Central railroad of New Jersey more than a year ago against the shipment of explosives from Jersey City piers.

County prosecutor Hudspeth said his investigation was still in progress and that warrants for the arrest of responsible officials of the railroads involved in the explosion might be issued within the next few days.

The death list was increased to five tonight when a policeman succumbed to internal injuries caused by being buried under debris.

RETURNS INDICATE GARDNER HAS WON MISSOURI NOMINATION

ST. LOUIS, Mo., Aug. 1.—Returns from the Missouri primary up to 11:30 tonight indicated that Frederick D. Gardner of St. Louis had won the Democratic gubernatorial nomination by a plurality of about 20,000 votes.

James A. Reed, present United States senator of Kansas City, was nominated overwhelmingly over L. O. Martin in the Democratic senatorial contest. Walter S. Dyke was leading the Republican senatorial candidates by a sweeping vote.

In the Republican race for the gubernatorial nomination, John E. Swanger had a lead over all opposition. Henry Lamm of Sedalia, was running second.

PYTHIANS PARADE IN PORTLAND

Portland, Ore., Aug. 1.—Many brigades of Knights of Pythias, resplendent in the natty uniforms of their rank, paraded the principal streets today, flanked on either side by dense crowds of cheering people. The parade was the big feature of the opening day of the supreme lodge meeting of the order. Thousands of delegates and visitors are here from every section of the country. Simultaneous with the meeting of the supreme lodge the Pythian Sisters are holding their national convention. The sessions of both bodies will continue through the week.

WEST VIRGINIA DEMOCRATS

Parkersburg, W. Va., Aug. 1.—Cheered by predictions of success at the polls in November, West Virginia Democrats are assembling here in large numbers for the State convention which will be called to order tomorrow morning. The business of the convention will be to name candidates for Supreme Court justices and presidential electors, adopt a platform and plan the State campaign.

WHEELER FILES PETITION

Springfield, Ill., Aug. 1.—John A. Wheeler, sheriff of Sangamon county today filed with Secretary of State Stevenson, his petition for a place on the primary ballot as Republican candidate for governor. Frank Hall Childs, of Chicago, also filed a petition as Republican candidate for Lieutenant Governor.

HEARINGS ARE CONCLUDED

Washington, Aug. 1.—Hearings begun four years ago by the foreign affairs committee on legislation to regulate diversion of water at Niagara Falls for generation of electricity, were closed today. The committee plans to report a bill for co-operation with Canada in preserving the scenic beauty of the falls and at the same time developing their hydro-electric resources. Indications are that a joint international commission to limit water diversion will be recommended.

EXPLOSION KILLS FORTY

CARRANZA SOLDIERS
Nogales, Ariz., Aug. 1.—The explosion of a car filled with dynamite killed sixty and wounded forty Carranza soldiers at Empalme, near Guaymas, Sonora, according to reports received here today. It was stated that the Mexican authorities are proceeding in their investigation on the theory that the explosion was due to a shot deliberately fired into the car. Buildings in Empalme were said to be badly injured.

FIFTY-SEVEN NEW YORK CHILDREN SUCCUMB TO INFANTILE PARALYSIS

Health Commissioner Emerson Calls for Additional Beds in Hospitals to Care for Afflicted

New York, Aug. 1.—[With all previous mortality records in the epidemic of infantile paralysis here broken today, when it was reported that 57 children had died during the twenty four hour period ending at 10 a. m., Health Commissioner Haven Emerson found it necessary to call for additional beds in hospitals to care for the afflicted.

The number of new cases reported in the greater city was 159 and it was said that of the 2,438 beds available in public and private hospitals only 159 remained unoccupied tonight. The total number of cases of the disease since the epidemic began has been more than 4,000.

Health authorities admit that unless cooler weather sets in the number of new cases probably will be increased by several thousand before the epidemic stage passes. Circulars containing additional information on how to fight the disease were distributed to the city's 11,000 policemen today.

GIVE OVER-PRODUCTION AS REASON FOR DROP IN CRUDE OIL

NEW YORK, Aug. 1.—Over production, trade authorities say, is the chief reason for the further reductions announced today at various fields in prices of crude oil and gasoline. Supplies of crude oil now on hand in Oklahoma and adjacent territory are said to be far in excess of immediate demand.

The cut of ten cents a barrel to \$1.25 made today by the Prairie Oil and Gas company of Kansas is the third reduction by that company since July 22nd, last.

YACHT CLUB CRUISE

New York, Aug. 1.—More than one hundred sailing craft, steamers, and power boats assembled at Glen Cove today, preparatory to beginning the annual squadron cruise of the New York Yacht Club, which is to America what the Royal Yacht Squadron is to Great Britain. This year's outing promises to eclipse anything in the past. While the cruise proper will not begin until tomorrow, when the fleet will get under way for a run to Morris Cove, today's rendezvous is the initial and all-important step in the cruise. The cruise will extend this year to Buzzard's Bay. The daily runs will extend from Morris Cove to New London, thence to Newport and New Bedford. The annual races for the King's Cup and the Astor Cup will be sailed off Newport Harbor during the stay of the fleet there. Following the King's Cup race scheduled for next Wednesday, the squadron will disband. Some of the yachts will return to New York, while many others will make a cruise around Cape Cod to Massachusetts Bay and Marblehead.

REVEAL GROWTH OF K. OF C.

Davenport, Iowa, Aug. 1.—The growth of the Knights of Columbus was revealed today in the annual report of James Flaherty, supreme knight of Philadelphia. The total membership is placed at 386,135, a gain of 141,846 in seven years. The organization has \$123,862,842 insurance in force a gain of \$46,410,842 in the same period.

SMITH TO FILE PETITION

Chicago, Aug. 1.—Mayor Charles S. Smith of Berwyn, announced tonight that he would file a petition advocating his candidacy for congress, on the Republican ticket, from the sixth congressional district, this week.

Mayor Smith denied the report that he would withdraw from the race in favor of his opponent, William Lorimer.

STATIONARY ENGINEERS' MEET

Newark, N. J., Aug. 1.—The annual convention of the American Association of Stationary Engineers met in this city today and will continue in session until Friday. Leading cities throughout the United States and Canada are represented and the delegates plan to make the convention the most notable in the association's history. The organization is not a union and is devoted purely to uplift of the profession by educational methods.

HUGHES FAVORS FEDERAL SUFFRAGE

Would Have Congress Submit Amendment to States to Be Ratified

AFFECTS WHOLE COUNTRY

Nominee Sees Nothing But Danger in Continued Agitation on Subject

STARTS ON TRIP SATURDAY

NEW YORK, Aug. 1.—Charles E. Hughes twice today declared himself in favor of an amendment to the federal constitution granting the vote to women throughout the United States.

In a letter to Senator Sutherland of Utah, Mr. Hughes stated his personal view that the proposed amendment should be submitted by congress to the state and ratified. In a speech late today before five hundred women of the Women's Roosevelt League for Hughes, the nominee declared the question was one affecting the whole country and that he favored taking the shortest cut to its solution.

"I believe this question should be promptly settled," Mr. Hughes said. "I see nothing but danger to our security, to our unity, to our proper attitude toward political questions, in continued agitation of this subject."

Mr. Hughes again assailed the administration for its policy concerning American rights during the European war.

"There is an incurable defect of character in the administration with respect to the weakness and vacillation which have characterized it," Mr. Hughes said, "and we cannot expect improvement from that source. We can judge by what has been done and by what has not been done, and we are here together under circumstances very unexpected to American sentiment, so that we face the world erect and prepared."

The nominee also made a luncheon address today to about fifty Republican editors of New York state in which he said he had twice been called upon to live down an undeserved reputation for coldness and aloofness, and that he now was passing thru the third experience. He invited sympathetic co-operation.

Tonight Mr. Hughes addressed a small meeting of Social workers invited by Herbert Parsons, national committeeman for New York, to meet the nominee at an uptown club. The meeting was private.

Mr. Hughes expects to leave New York tomorrow afternoon for his summer home at Bridgehampton, where he will remain until Saturday when he will start on his trip to the Pacific coast.

The itinerary of the trip, officially announced today follows: He will leave New York Saturday, Aug. 5th, spending Sunday at Niagara Falls. Monday he will be in Detroit for two meetings. Tuesday he will be in Chicago for an evening meeting and leave at once for St. Paul and Minneapolis, where two evening meetings will be held August 9th.

Mr. Hughes will devote the time between August 10th and 12th, to meetings in North Dakota and Montana. August 13th, he will leave for the Pacific northwest remaining there until August 17th, when he will leave for California.

The return trip will begin August 21st. Mr. Hughes stopping for meetings in Nevada and Wyoming and in Denver. He will arrive in Denver August 26th, and the next day depart for Estes Park, Colo., to begin a vacation period which will last until September 1st. Sept. 2nd, he will be in Kansas City. The next two days he will be in St. Louis where an evening meeting will be held Sept. 4th. Mr. Hughes next stop will be at Lexington, Ky., where an afternoon meeting is scheduled, Sept. 6th. The tour will conclude with a meeting in Portland, Me., Sept. 7th at night.

With but one or two exceptions where rapid and unusual connections must be made Mr. Hughes will travel on regular trains.

CHARGE TWO WITH MURDER

San Francisco, Cal., Aug. 1.—Warren K. Billings, ex-convict and Edward D. Nolan, former labor leader, were formally charged with murder today, following investigation in the bomb explosion which killed eight and wounded forty during San Francisco's preparedness parade. Preparations were made to place similar charges against Thomas J. Mooney, a labor agitator, and Reza Mooney, his wife. All the accused are in custody.

Referring to the care used to protect the speech of acceptance made by Charles E. Hughes from premature publication, it is worthy of note that copies of the speech were delivered to members of the Associated Press by mail Monday afternoon. The record of the Associated Press for considering inviolate a pledge not to publish or reveal the text of any speech entrusted to Associated Press papers before publication was a sufficient guaranty for Mr. Hughes and those closely connected with his campaign. Information is not at hand whether or not the same confidence was evidenced in other news gathering associations.

To War's First Victim.

Exercises will be held today in honor of the memory of Jules Andre Peugeot, Corporal in the Sixth company of the Forty-fourth Regiment of Infantry, who was the first French victim of the present war. Two years ago today, the day before the formal declaration of war, Peugeot was killed by a German patrol. At the time he was doing sentry duty on the road to Faveroy, when an advancing German patrol was sighted. He was amazed to see German troops twelve miles inside French territory, and went out to arrest the German officer. He was twice wounded, but before he was killed shot and fatally wounded the lieutenant in command of the German troops.

Corporal Peugeot was a school teacher by profession, but was incorporated into the army on Nov. 26, 1913, and made a corporal the following April. He had passed examination to become an officer in the reserves. A national subscription has been started to raise funds for the erection of handsome monument on the spot where he was slain near the village of Joncharey in the Department of Haut Rhin.

It will be a glad day for Europe and all the world when a monument can be erected in memory of the last victim of the great war.

Would Teach Spanish in

U. S. Public Schools.

If the ideas of Secretary of the Treasury McAdoo prevail Spanish will be added to the curriculum of the public schools of the United States and its study be made compulsory. The secretary advances this theory, claiming that if the right understanding between the two Americas is accomplished that there must be a great diffusion of knowledge of conditions in the two continents. An understanding of the Spanish language he believes would be a great step in this direction and would do away with much of our ignorance of conditions in South America.

"We rarely think," says Mr. McAdoo, "of citing Latin American publicists and scientists. Practically no reference is made to Latin American literature. We pay little attention to the current thought of Central and South America, unmindful of the fact that important contributions have been made and are constantly being made there in every department of literature and scientific effort." The peoples of North and South America are so vastly different that certainly any thorough understanding between them must be the growth of years. And if such increased intimacy and sympathy is advisable from business and patriotic sentiment, there is something in Mr. McAdoo's suggestion that is worthy of consideration.

ANCESTRY

Among my forbears there were princes, and conquerors, and kindred quinces. My pedigree is fine and stately; no wonder I admire it greatly; but no one shares my admiration, and no one will stand my conversation. When of my blue blood I am boasting, I usually get a roasting from some cheap skate who'd think it better if asked to name his father's father. "I started out in life obscurely, and I was educated poorly," remarks the skate, who's made his riches by dealing in machine-made ditches: "advantages, I hadn't any; I had to scap for every penny. My parents couldn't read or figure, and all they left me was the vigor, which kept me always humping, while all the blue blood stuff was slumping. While you from princes were descending, I upward from the rut was wending, and O, patrician let me tell you, that I can buy you up and sell you!" Whenever I would tell the story of how my fathers conquered glory, as rulers, statesmen, sages, fighters, I'm headed off by some cheap blighters.

DATES IN ILLINOIS HISTORY.

August 2, 1780—George Rogers Clark set out from Louisville on an expedition against the Shawnee Indians; the latter were defeated badly.

Great pressure is being brought to bear by charitable organizations all over the country to bring about the passage of the federal child labor bill. The United charities of Chicago is one of the organizations which is giving all possible aid to the bill by urging Senators Sherman and Lewis to support it. The officers of the charities association, like leaders in similar organizations, believe that the child labor bill would be in much better form if it were not coupled with the immigration bill and they are asking the representatives at Washington to endeavor to separate the two. They have a feeling that the combined bill offers many more opportunities for opposition and possible complications than would be true if each bill were considered on its own separate merit.

Hughes Supporters Join Hands.
The local organization of the Hughes alliance perfected in Jacksonville Tuesday is to be district wide in its work. Perfected is not the correct word to use, as the organization of the alliance was really launched and it is expected that a much larger number of persons will be closely identified with the organization work. The purpose of the alliance is to give to men and women of varying political beliefs a means of working together for the common end of giving this country Charles E. Hughes as president. With this broad purpose, membership in the alliance is open to men and women of all parties or with no party alliance—persons who believe from their knowledge of conditions and their familiarity with the candidate's record that the best interests of the country at large will be subserved by Mr. Hughes' election.

Hughes Supporters Join Hands.

Those who are familiar with the alliance organization work already done in Illinois and in other states declare that the enthusiasm with which the people are taking hold of the plan is far greater than even those who inaugurated it anticipated. But this enthusiasm is not so much to be wondered at if it is remembered how widespread was the demand for Mr. Hughes' nomination. In Oregon it is remembered that several other candidates for the presidency had friends who made a special effort at organization work in their behalf, yet when the votes were counted Mr. Hughes had more than twice as many votes as all the rest combined, and no special work had been done in his behalf.

This was but one instance and it is an acknowledged fact that the nomination of Mr. Hughes by the Republican convention was the result of a general demand of the people, and the delegates to the convention were in touch with that country wide Hughes sentiment. The Hughes alliance is certain to be a very influential organization and its work is of a large importance.

Military Writer Draws Parallel
A special newspaper writer for the McClure Syndicate quotes John Buchan, a military authority, as declaring that more and more there is recognition in Europe that the great war in many details is a parallel of the American Civil war. While it is granted, of course, that the present of the numbers engaged and that the equipment used represents the development of fifty years, Mr. Buchan insists that there is a great similarity in the conflicts. To support his theory he parallels the manner in which the north levied its armies, with the methods which the allies have pursued. Trench fighting, he says, had its origin in the Wilderness campaign and is paralleled in the present war. Grant was unable to turn Lee's flank and was driven to frontal attacks and failed, as the allies have failed repeatedly from lack of reserves.

Going still further, this military authority says that the American cavalry troops were the forerunner of the British mounted infantrymen of today. Science was employed in our war of the Rebellion and the present war is largely one of engineering feats.

As we have grown to think of the present war as representing all that is terrific and as we have expressed the thought that no good reason has ever been heard why this great conflict should rage for two years' time, it is a disquieting thought that there is anything in the present struggle which parallels the conflict of '61 to '65.

LOCAL MEN INTERVIEW

SPRINGFIELD MINE OWNERS

Prices Much Higher Than Last Year
Demand—Mine Men Have Association Sanctioned by Government.

Messrs. James H. Hutton and H. E. Frye were recently in Springfield to interview several mine operators. They found that the coal operators have an association this year which is working smoothly and each one of the mines is quoting exactly the same price for coal. This information was not especially surprising to the Jacksonville dealers, as representatives of the mines had already visited the city and explained their working organization, which has been perfected with the full knowledge of the federal trade commission and is, therefore, within the limit of the law. The mines are now quoting a price 40c to 50c a ton higher than that asked for coal of the same class just a year ago. They stated that this price was to be advanced in September 10c additional.

In Springfield the situation seems to be that the mine owners borrowed so largely from the various banks that finally the bankers organized a special committee and require the mines to report each day the number of tons mined and the price at which the coal is sold. This plan was adopted in order to make certain that each mine operator is doing business at a profit and that he may, therefore, be expected some day to discharge his bank obligations. The retail price of coal in Springfield is \$3 a ton, 50c less than the Springfield coal price in Jacksonville. But this difference is accounted for by the freight rate of 54c from Springfield to Jacksonville.

LITERBERRY

Mr. and Mrs. J. M. Daniels, Arthur Liter, C. A. Beavers and Charles Ratliff were called to Plainville Monday to attend the funeral service of their uncle, J. J. Carter, of Plainville, Adams County, Illinois.

A good many of the farmers around our town are having their grain threshed this week.

Helen Young, our reporter from Central Literberry hands us this item: "Maple Mound had a big spread Sunday in honor of Mr. and Mrs. Oscar Young from San Francisco, Cal. Mrs. Willard Young hosted. Those present: Willard Young, Sr., from Jacksonville, Mr. and Mrs. Earnest Young, Mr. and Mrs. John Young and daughter, Mr. and Mrs. W. V. Young and family, all of Literberry. Mrs. Doc Liter and son Billy from Ashland and Mr. and Mrs. Oscar Young and son Wayne Maxwell, of California. This was a family reunion and Miss Helen reports a very happy time."

The secretary of the "Birthday Home Mission Department" of the Baptist Aid, request all having birthdays in August to hand in their offerings so there be no delays when the time comes to settle up at the Autumn convention. Mrs. John Daniels is our worthy secretary of this department.

Mr. and Mrs. Bert Olroyd of North Literberry are very proud of the little son who came to live with them Thursday. He is a pretty little boy and bids fair to become a fine large man.

Our reporter tells us that Mr. Aaron Petefish, Sr., of "Spring Grove Farm," has purchased a new Interstate car.

Mrs. James Lawson of "Cedar Ridge" spent Wednesday at the beautiful country home of Mr. and Mrs. Henry Brainer, known as "Beulah Land Farm." D. K. and Mrs. Mcwere also entertained the same day at this good home.

FUNERALS

DeOrnellas

The funeral services for Mrs. Francisca DeOrnellas were held at the Reynolds undertaking parlors Tuesday afternoon at 2:30. The company of friends and relatives which assembled to pay honor to her memory was unusually large. Rev. W. E. Spoonstons was in charge of the services, thru which appropriate recognition was given to Mrs. DeOrnellas' great age. The scripture passages were especially selected with that thought in view and the ministers text was First Chronicles 29-15: "For we are strangers before thee, and sojourners, as were all our fathers; our days on the earth are as a shadow, and there is none abiding." The minister traced life from youth to old age and commented upon the unusual length of life given to Mrs. DeOrnellas. He drew the lesson that all things change and altho one may live to great age, that dissolution is finally certain and therefore it behooves men and women to prepare for the future. There were many beautiful floral offerings and they were cared for by Miss Nettie DeOrnellas of Murrayville, and Miss Annie Scroggins of Roodhouse. The bearers were George Pitta, J. Z. Smith, John Day, Joseph DeSilva, F. Rodriguez and Jack Martin. Mrs. James A. Scott and Mrs. Jennie DeFreitas sang a number of appropriate selections. Interment was in Jacksonville cemetery.

Eckles

The funeral services for Mrs. Christina Eckles was held Tuesday afternoon at 2:30 o'clock at Salem Lutheran church, in charge of the pastor, the Rev. J. G. Kuppler. Flowers were in charge of Mrs. Henry Schreiner and Mrs. Anna Stauff. Burial was made in Jacksonville cemetery, with William Batz, Philip Schultz, Sr., Christopher Henze, D. T. Heimlich, Louis Zimmer and Otto Meuhlhansen serving as bearers.

SOCIAL EVENTS

at the Illinois Woman's College at Grace W. F. M. S.

The annual luncheon of the Grace church Women's Foreign Missionary Society was held Tuesday afternoon at the Illinois Woman's College at 4 o'clock, with Mrs. Joseph Harker as hostess. Fifty members and guests were present to enjoy this event which is looked forward to by all the members of the society. A very interesting program was presented at the opening of the meeting, which was as follows:

Devotionals.
Talk—A Christmas Gift Thimble Party—Mrs. F. B. Madden.
Leaflet—Mrs. George Baxter.
Opening of Mite Boxes.
Mystery Box—Mrs. Charles Hopper.

Following the program a most enjoyable social hour was spent, during which a bountiful luncheon was served on the campus of the college. The meeting was a most successful one both from a social and business standpoint. Those in charge of the arrangements for the luncheon were: Mrs. John R. Davis, Mrs. J. R. Harker, Mrs. J. I. Graham, Mrs. E. D. Herald and Mrs. F. H. Rowe.

Mrs. Wheeler Observes 50th Anniversary.

The fiftieth birthday anniversary of Mrs. Joseph Wheeler was the occasion Sunday noon of a pleasant gathering at the home of Mr. and Mrs. Wheeler, 989 North Prairie street. A company of twenty assembled, and after enjoying a delightful dinner, spent the afternoon in pleasant social manner. A number of handsome presents were received by the guest of honor.

There were present: Mr. and Mrs. David Douglas, Edward Wright and family, J. Reading, Fred Samuels, George Woffall and Mrs. Violet Brown.

SOME TALL MEN.

A card received from T. M. Tomlinson by G. B. Andre shows a picture of Mr. Tomlinson and his son, Edward standing beside two cowboys at Cheyenne. People who know Mr. Tomlinson and his son consider them exceptionally tall, but they look really under sized by comparison with the cowboys, one of whom is 6 feet 11 1-2 inches tall. Dr. Young, who also stood in the row of men before the camera, appeared as a mere pigmy with such tall associates.

PICNIC AT LITTLE YORK CHURCH PROVES SUCCESS OF HIGH ORDER

Home Coming is Pleasing Feature of Occasion—Good Dinner Provided, With Excellent Entertainment

The picnic and homecoming at Little York M. E. church, north of Waverly, Tuesday afternoon and evening, proved a success from every standpoint. The chicken and fish were provided in ample quantity and served in excellent style. The program which began late in the afternoon, was well received and the attendance, thruout the afternoon and evening was well up to expectation.

W. C. Fleming of Waverly gave an address and music was furnished by Miss Emma Burnett. Miss Olive Burnett sang a vocal solo, as did Miss Agnes Wood. A recitation by Miss Lillian Challans was followed by a vocal number by Miss Annetta Challans. George Challans gave a recitation and short addresses were made by several of the older people and ministers present.

Mrs. Walter Challans is president of the Ladies' Aid, which had the event in charge. Dennis Jarette, L. Challans and Carl Greenwood composed the committee on iced drinks and refreshment. Charles Teale, Walter Challans and Joseph Challans composed the food committee. On the entertainment committee were the Rev. N. R. Johnson, pastor of the church, Mrs. Johnson and Miss Emma Burnett.

BLUFFS.

Mrs. T. H. Stone entertained a party of young people Monday evening in honor of her guests, Miss Clara Stone of Chicago and Miss Gladys Newman of Centralia. The evening was pleasantly passed with music and games. Refreshments were served by the hostess.

Miss Leila Six entertained her Sunday school class to a picnic party in the Merriam Grove south of town Tuesday afternoon. A variety supper was served in the evening.

Mrs. Charley Buchanan and son Glen are visiting friends in St. Louis.

Mr. and Mrs. Elba Gray, Mrs. Margaret Tewksbury and grandchildren, Vernon and Margaret left Monday for a short visit in St. Louis.

QUESTIONS ON THE SUNDAY SCHOOL LESSON. By Rev. T. S. Linscott, D. D.

August 6, 1916

The Greatest Thing in the World. 1 Cor. 13. (Temperance Lesson). Golden Text: Now abideth faith, hope, love, these three; and the greatest of these is love. 1 Cor. 13: 13.

1. What is the utmost which can be claimed for the gift of eloquence?

2. Why is an eloquent man without love, like a brass band with cymbal accompaniments?

3. Why will not eloquence without love, make a man acceptable to God?

4. Would you say, and why, that eloquence without love, makes a man acceptable to his fellows, or gives any lasting satisfaction to himself?

5. Verse 2. What necessary moral praise is due to a man who has the gift of prophecy, and has intuitive knowledge of mystery?

6. Why should any more necessary praise be accorded to a big man than to a little man?

7. If God gives a man the faith, so he can remove a mountain and he at the same time is without love, what good is the faith to him?

RAILROADS PAY TAXES.

The Chicago & Alton, C. P. & St. L. and the Wabash railroads, filed objections to the payment of certain Morgan county taxes but recently made settlement with Grant Graff, sheriff and collector of taxes. The railroads' objections were heard before Judge Thomson several weeks since and in the main were overruled tho they were sustained in a number of individual instances, where Judge Thomson believed the procedure of fixing the taxes had not been in accordance with law. At that time notice of appeal was given but the attorneys indicated that they hardly thought the appeals would be perfected. This proved to be the case and now final settlement has been made.

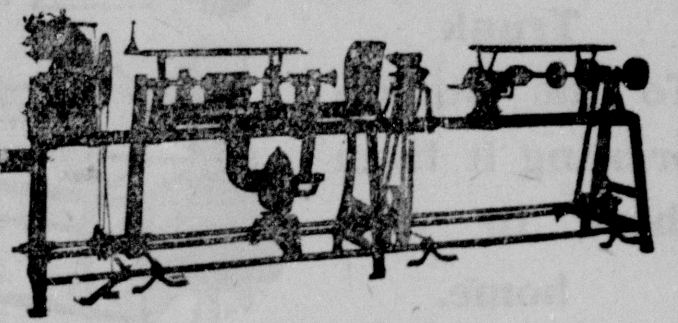

Mr. and Mrs. George Massey of Kansas City are spending a few days with friends in Jacksonville. Later in the week they will go to Chicago to visit Mrs. Massey's parents, Mr. and Mrs. Goodrick. Mrs. Massey since his removal to Kansas City has steadily advanced in the newspaper business and is the manager of an important trade publication there.

New Post Toasties

These new corn flakes bear a unique deliciousness because of their self-developed flavor and improved form. The flavor is the true essence of choice, ripe Indian corn. Unlike ordinary "corn flakes," the New Toasties do not depend upon cream and sugar for their palatability.

Try some dry—they're good that way and the test will demonstrate their flavor. Then try some with cream or rich milk. Note that New Post Toasties are not "chaffy" in the package; and that they don't mush down when cream is added.

New Post Toasties are known by the tiny "bubbles" on each flake, produced by the quick, intense heat of the new process of making. They come in a wax-sealed package that preserves their own crispness and delightful flavor—the most perfect corn flakes ever produced.

LIGHT COMPANY ASKS REHEARING

PETITION HAS BEEN FILED
WITH UTILITY COMMISSION

Claim Case Should Be Opened To Permit Introduction of Additional Evidence—Tables Quoted To Show That Earnings For 1914 and 1915 Showed Loss Figured on Basis of Commission Findings.

City Attorney John J. Reeve was notified yesterday that the Jacksonville Railway & Light company had filed with the state utilities commission a petition for rehearing of the Jacksonville rate case in which Dr. Edward Bowe and Dr. E. F. Baker are the complainants. The petition is a document of fifteen or twenty typewritten pages. In addition to the formal petition tables are appended for the purpose of showing the income of the electric, gas and street railway departments for the year 1915. It is alleged in the petition that the utilities commission erred in various particulars in handing down the formal opinion in the case July 11. It is set forth that the commission valuation placed on the company's property here was \$565,000 whereas the actual investment claimed by the company is \$852,340.

1915 Figures Considered.

Further it is claimed that the commission's opinion was based on the company's showing in 1914 because the figures for 1915 were not available when the hearings were in session. The company claims that the figures for 1915 give additional light as to the actual earning capacity of the company's property and that in justice to the company these figures should be given consideration. Further it is claimed that taking the commission's figures for the valuation of the properties, allowing the depreciation fixed by the commission in connection with the earnings for 1914, that these figures would show a deficit of \$15,956. Further the claim is made that again using the commission's figures and earning and depreciation allowances, that for the year 1915 a loss would be shown of \$19,566.64.

Evidence of Experienced Men Ignored.

Another reason given why a rehearing should be held is the charge that the commission has given too much credence to the testimony of inexperienced persons and not sufficient weight to other witnesses with special knowledge of gas and electric and street railway business. A great many other reasons, formal and informal, are set forth in the effort to show that the commission has erred in making its finding, and that, therefore, as a matter of justice a rehearing on the case should be had. The petition was signed by Green & Palmer, attorneys for the Railway & Light Company. The main text of the petition is as follows:

An opinion and order was entered by this honorable commission as of the 11th day of July A. D. 1916 in the above entitled proceeding authorizing respondents to charge the rates specified in said order for electric service for gas service and for street railway service; and ordering that the rates and charges fixed in the schedule announced by the Commission as rates for such services should be hereafter observed by respondents in accordance with the schedules adopted by said Commission and in said order contained and set forth.

The respondents in said proceeding now pray that this Honorable Commission will grant a rehearing in said cause, and upon further consideration thereof will modify the findings and order entered as of the 11th day of July A. D. 1916 as aforesaid.

In support of this petition for rehearing, the respondents submit herewith a tabulated statement showing the effect of the rates ordered by the Commission herein upon the services rendered by respondents during the last preceding calendar year.

I.

Petitioners show that at the time the hearing in said cause was concluded the last full calendar year for which data and consumption could be furnished and made was the year 1914, for the reason that the hearing in this cause was finally concluded and the last evidence introduced as shown by the order filed herein on September 18, 1915, that since that time and prior to the promulgation of the order entered in said proceeding, the remaining months of the year 1915 expired, and respondents are now able to present to the Commission the exact figures showing the consumption of electricity and the uses of the street railway service in Jacksonville, and to apply thereto the proposed schedule of rates ordered effective by this Commission as aforesaid.

These respondents show to the Commission that even upon the valuation of the property used and useful in the public service owned and possessed by the respondents and involved in this proceeding, which the Commission fixed at the gross sum of \$565,000.00 divided as follows:

Gas department \$200,000.00
Electric Department \$190,000.00
Street Railway Department \$175,000.00
and under the finding of the Commission that 7 percent per annum is fair rate for return upon the values of said property, the respondents

would be entitled to earn a net amount over and above depreciation, of \$39,550, divided as follows:
Gas Department \$14,000.00
Electric Department \$13,300.00
Street Railway Department \$12,250.00

Total \$39,550.00

That under the order of this Honorable Commission in this proceeding, respondents are required to set aside annually in depreciation reserve:

In the Gas Department \$3,600.00
In the Electric Department \$3,800.00
In the Street Railway Department \$9,000.00

Total \$21,100.00

Respondents show that the net remaining from the operation of said properties for the year 1914, after the payment of operating expenses, current maintenance and taxes had the rates fixed by this Honorable Commission been in force, would have amounted to substantially:

In the Gas Department to \$13,820.00
In the Electric Department to \$15,620.00
In the Street Railway Department to \$15,254.00

Total \$44,694.00

Deducting from this amount ordered set aside for depreciation, \$21,100.00

would leave remaining but \$23,594.00 as the return upon the properties of the respondents used in such public service, which would be \$15,956.00 less than the amount of return found in the order of this Honorable Commission as the fair return to which the investors are entitled.

And respondents further show that in the year 1915 if the rates proposed in the order of this Commission had been applied and charged, the several departments would have yielded as net return over and above the payment of operating expenses current maintenance and taxes:

In the Gas Department .. \$ 9,927.21
In the Electric Department \$15,998.61
In the Street Railway Department \$15,104.54

Or a total of \$41,030.36
Deducting from this the amount ordered set aside for depreciation, \$21,100.00

would leave remaining but \$19,930.36 as the return upon the properties of the respondents used in such public service in said calendar year which would be \$19,566.64 less than the amount of return found in the order of this Honorable Commission as the fair return to which the investors are entitled.

Respondents present and submit herewith, as a part of this petition and marked "Exhibit A" hereto, detailed figures and data taken from the operating books of the respondents, showing in detail the actual consumption of gas and electricity and the use of said street railway service with the application thereto of the rates proposed in the order entered by this Honorable Commission in this proceeding; from an examination of which the above statement and conclusion is and will be verified.

II.

Respondents further show to this Commission that the fair values of respondents' properties in Jacksonville determined by this Commission in the order entered as aforesaid, are unfair, inadequate and less in each department than in fact should be found as the fair value of such properties.

Respondents show to the Commission that the fair value of the property used and useful in the public service in the several departments into which the same are divided should be substantially as claimed in the briefs submitted on behalf of respondents in this proceeding.

Respondents further show that the value of said property should approximately equal the investment in said property as shown by the evidence in the case, and that the actual investments by the owners of said property therein are substantially as follows:

In the Gas Department, \$339,240.00
In the Electric Department \$276,302.00
In the Street Railway Department \$236,798.00

Or a total of \$852,340.00

Respondents show to this Commission that the findings of this Commission are against the great weight of the evidence in this case as to the fair values of respondents' properties in Jacksonville, and are less than the same are clearly proven to be by the great preponderance of the evidence in the case.

Respondents further show to the Commission that in this case undue weight has been given to the testimony of witnesses who are wholly inexperienced in the operation of public utility properties of the character involved in this proceeding and that this Commission has failed to give due and sufficient weight and credit to the testimony of witnesses possessing special qualifications to testify concerning the fair values of respondents' properties in question.

III.

Respondents further show that the Commission, in the order filed in this case, has erred in holding that "Each of the respondents' departments shall stand by itself in so far as the respective revenues earned by

WOMAN GIVEN TWO DAYS

To Make Up Her Mind for
Surgical Operation. She Refused; Cured by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I only took four doses before I felt a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. Thos. McGONIGAL, 3432 Hartville Street, Phila., Pa.

SINGLE G., WINS FREE-FOR-ALL PACE AT KALAMAZOO MEET

Sets Fastest Mile Ever Negotiated
During a Race on a Michigan Mile
Track—Geers' Presence Makes
Event One Never to Be Forgotten.

Kalamazoo, Mich., Aug. 1.—Single
G., won the free-for-all pace
feature of the Grand Circuit this af-
ternoon and set the fastest mile
ever negotiated during a race on a
Michigan mile track. His time for
the first mile was 2:00. Hardly less
interesting was the return of "Pop"
Geers to the sulky. The grand old
man drove his first race of the pre-
sent season. His presence behind Na-
poleon Direct made the free-for-all
a race never to be forgotten by lov-
ers of harness horses. The half was
made in 1:00 1-2, the three quarters
in 1:30 1-4. Here Napoleon Direct
and Russell Boy went after Geers' sulky
which was leading and it was a
magnificent flight of speed down
the stretch. Single G., winning the
heat by a neck from the Geers' horse.
In the second heat Single G., led to
the half in 1:01 1-4 and then the
pace quickened. Geers was deter-
mined and let Napoleon Direct out,
inch by inch he overhauled Single
G., and passed him a few feet
from the wire winning the heat in
2:01 1-4. The third heat was an-
other battle but Single G., was equal
to the task this time. The time
for the mile was 2:00 3-4.

There were three other races dur-
ing the afternoon. Each was won
by straight heats and was easy for
the respective favorites.
Box R. captured the 2:11 pace;
Mingen Silk took the Columbia Hot-
el sweepstakes for three year old
trotters while Harrod's Creek took
the Recreation Park sweepstakes for
three year olds eligible to the 2:18
class.

KANSAS CITY LIVESTOCK
Kansas City Stock Yards, July 31
—Shipments out of stockers and
feeders last week were 11,000 head,
two thousand less than previous
week, but four thousand more than
same week last year. Receipts last
week were 9,000 head less than pre-
vious week, which in connection with
the smaller decrease in the outgo of
stockers and feeders showed quite an
increase in the demand. Prices ad-
vanced 25 to 40 cents early in the
week, and held the gain pretty well
till the close. There was an increase
in the demand for good weight feed-
ers, and prices on them ranged from
\$6.75 to \$7.85. Fancy light stock-
ers are selling above \$8.00 again,
but most of the sales are under
\$7.25, and downwards to \$6.00 or
less. Receipts Monday this week
were 20,000 head, and the market
on beef grades of grass cattle ruled
10 to 20 lower. Whatever competi-
tion killers have heretofore offered
on fleshy feeders has now disap-
peared, there being plenty of fleshy grass
cattle in sight for all their needs.
Iowa buyers were prominent last
week, and Illinois and Indiana were
also represented. A good many men
east of the Mississippi River have
been out of the cattle feeding busi-
ness for a year or two, but there
are signs of a revival of interest
among them. G. F. Langley of Al-
ledo, Illinois, bought cattle here last
week which he intends to hold on
grass as late as possible this fall,
and then feed for the April market.
"We have not been feeding up to our
limit for the last two years, and are
now short on cattle. Our pastures
are good, and many of them are
unoccupied." Stock cows sell at \$5
to \$6.50, best stock heifers up to
\$7.50, prices more than one dollar
below six weeks ago. Dry weather
in the West has not dislodged any
great flood of cattle, but owners are
watching the situation, and from re-
ports of commission men here, buy-
ers east are prepared to take ad-
vantage of any surplus marketing
that may result from continued hot
and dry weather in the grazing coun-
try. Immune hogs continue abun-
dant, unchanged, with an ample supply
in the hands of dealers, best natives
\$10 to \$10.40, southern around
\$9.75. Choice feeding lambs are
scarce, and bring \$9 or a little
more, and good young breeding ewes
are selling up to \$9. Offering will
be more plentiful in another week or
two.

**CROP DAMAGE REPORTS SEND
WHEAT PRICES UP SWIFTLY**

Market Closes Nervous 3 to 8% Cents
Net Higher—Rain Eases the Corn
Market.

Chicago, Aug. 1.—Wheat prices
ran up swiftly today, influenced
mainly by severe crop damage re-
ports from the northwest. The mar-
ket closed nervous 3 to 3 1/2 to 3 3/4
% net higher, with Sept. at \$1.24 1/4
@ 1/2 and Dec. at \$1.28 1/2. Corn fin-
ished 1/2 to 3/4 @ 1/2 off and oats un-
changed to 1/2 up. Provisions made
gains of 2 1/2 to 7 1/2 @ 10c.

Bulls had things their own way
in the wheat pit except for a short
time at the start. Initial trading
was bearishly affected by lower quo-
tations from Liverpool.

Sharp advances in Liverpool clos-
ing increased bullish sentiment here
as to wheat. Rain in parts of Illi-
nois, Iowa and Nebraska eased the
corn market. Export sales and the
wheat strength steadied oats.

Provisions rose in consequence of
scarcity of offers and because of
gossip that the Belgian relief com-
mission was in the market purchas-
ing supplies. Lower quotations on
hogs were ignored.

LIGHT COMPANY ASKS REHEARING

(Continued from page 7.)

each of the various departments are sufficient (or insufficient) to meet the operating expenses and proper fixed charges of each of said departments.

Respondents show to this Commission that an adherence to the rule that no consideration should be given to the fact that one department of a public utility is being conducted without adequate return to the investor, in determining the return which shall be allowed in other departments of the same public utility, will result in great injustice both to the public and to the investor in public utility properties; that such rule will prevent development of the public utility industries of the state; that the adherence to such rule will retard and in many cases entirely obstruct the progress of developing the public utility interests of the state and the resources of the commonwealth; that such rule is opposed to the practical achievement of the anticipated benefits of Commission regulation of public utilities; that the development of the interests of the state demand and require a due consideration of the advantages of combined ownership of various departments of public utilities along practical lines and upon practical plans, policies and principles.

IV.

Respondents now urge upon this Commission in support of this petition for re-hearing, all of the matters and things presented by the evidence in the case, offered on behalf of respondents and by the briefs and arguments filed by the respondents before this Honorable Commission in this proceeding prior to the entry of the order of July 11, 1916.

And these respondents now make a part of this petition the complete transcript of the evidence introduced and offered before this Commission on the hearing of said case, each, all and every of the exhibits filed on behalf of respondents and by the employees, engineers, auditors and investigators of this Commission, also the order entered by the Commission in this case; also the briefs and arguments submitted by respondents and heretofore filed with this Honorable Commission in this proceeding.

And these respondents pray a re-hearing as to each, all and every matter and thing heretofore presented, argued and considered before the Commission in this case, and the evidence, testimony and exhibits in support of the same.

V.

Respondents further show to the Commission that by Section 65 of the Public Utility Act, pursuant to the provisions of which this proceeding has been had and conducted, it is provided, among other things, that "At the conclusion of such hearing, the Commission shall make and render findings concerning the subject matter and facts inquired into and enter its order based thereon."

The prepared findings of this Commission in the order filed under date of July 11, 1916, does not comply with the letter, spirit or intent of the foregoing requirement of Section 65 of the Public Utility Act of the State of Illinois; said order contains no finding of evidentiary facts upon which the conclusion of ultimate values is predicated and found; there is no showing in the order as filed by the Commission from which it can be determined what elements or propositions are considered or weighed, nor the extent of consideration or weight given any of the various elements and propositions involved in ascertaining the fair value of respondents' properties.

And specifically in this connection, without waiving any other particular detail, matter or instance, the respondents specifically call to the attention of the Commission the following:

(a) The Commission has erred in making no finding as to the reproduction value or cost new of the property of respondents, or any of the component elements or general or detailed provisions, or parts thereof.

(b) The Commission has erred in making no finding as to the present condition either composite or detailed, of any of the property of the respondents, or any of the component elements or parts thereof.

(c) The Commission has erred in making no finding of its determination of proper unit prices for cost of labor or materials used as a basis for arriving at the ultimate valuation determined.

(d) The Commission has erred in making no finding of its determination of a proper allowance for overhead, nor whether, in fact, any allowance for overhead was made in arriving at the determination of fair value of respondents' properties.

(e) And in divers and sundry other particulars, instances and details the findings of the Commission shed no light whatever upon the plan of valuation adopted by the Commission nor the determination of the many mooted and contested questions which arose during the introduction of the testimony and which were extensively argued in the briefs of the respondents; without which the respondents are deprived of fair opportunity to have reviewed the conclusions and determinations of the Commission upon appeal to a review by any court of competent jurisdiction whose aid may be sought in protection of the rights of respondents.

V.

The Commission in this case erred

in denying to respondents any credit or proper allowance for the advantages of common ownership and operation of the property in use in the three general departments of the public service in Jacksonville, namely, electric, gas and street railway; and erred in not according to the respondents any proper allowance for the economies in operating conditions resulting from combined ownership and operation of the several departments of the public service in which respondents' properties are engaged.

VI.

The Commission in this case has erred in excluding the value of the land and property owned by the Company for its reasonable development and anticipated use, and acquired and held to provide necessary land and facilities for the future growth and development of the property, facilities and business of respondent companies.

The order entered by the Commission as of July 11, 1916 is erroneous in fixing the maximum rate of return to which the investors are entitled at 7 per cent per annum upon the fair value of the property and each of the several departments, and ordering without change street railway rates which cannot produce and will not produce a 7 per cent return nor any fair return upon that property useful in that department, and in considering certain speculative results from the effect upon the future earnings of the companies which the change in rates may probably produce.

VII.

The Commission erred in finding that 7 per cent is a fair rate of return upon the fair value of property in the gas and electric departments of the public utility service rendered by respondents in the city of Jacksonville.

VIII.

The order of the Commission is unfair and erroneous in failing to disclose whether consideration was given both the functional and physical depreciation in fixing the present value of the property, and in failing to disclose to what extent either functional or physical depreciation were considered in that conclusion.

IX.

The Commission erred in not setting forth in the order filed as aforesaid the amount allowed, if any, for the rehabilitation of the plant and property of respondents in the gas and electric departments, and in failing to show what amount, if any, was deducted for property replaced, and in failing to show whether reproduction or cost new values were considered; and in general, in failing to disclose the theory on which the amount of fair value was fixed and determined by the Commission.

X.

The Commission erred in holding that the amount of bonds and stock of respondent companies should have no weight or consideration in determining the value of respondents' properties, and in refusing to give any weight or credit whatever to that element entering into the valuation thereof.

XI.

The valuations put upon respondents' properties in the various departments are too low, and are unlawful, prejudicial, confiscatory, and discriminatory.

XII.

The Commission erred in allowing and finding that the rates fixed by it in the order aforesaid for gas, electricity and street railway service, and each and every of them, are and is the reasonable rate and rates.

XIII.

The Commission erred in fixing the amount and manner of setting aside and investing depreciation funds from the earnings of respondent companies in each of the three departments of the public service.

XIV.

The Commission erred in not setting forth in the opinion what amount, if any, was allowed in addition to the bare bonded value determined by it of the physical properties of respondents, for either overhead or going concern value or developments costs, or developed potential value, or any other element of intangible value.

XV.

The order of the Commission is erroneous and unlawful in that it will operate to deprive the respondents of their property or a part thereof without due process of law, in violation of the provisions of the constitution of the United States and of the constitution of the State of Illinois.

XVI.

The said order of the Commission is erroneous, unlawful and unconstitutional in that it will operate to deprive respondents of their property or a part thereof, and take the same for public use without a just compensation.

XVII.

The order of the Commission aforesaid deprives the respondents of the equal protection of the laws, and is, therefore, unconstitutional and illegal.

XVIII.

The Commission has erred in not fixing a definite date when the total valuation of respondents' properties, amounting to \$565,000.00, was found to exist.

Wherefore, respondents pray that a re-hearing may be allowed in said case; that said case may be reopened; that all of the evidence heretofore introduced in said case may be considered; that additional evidence may be heard; and these respondents hereby make a part of

Why Progressives OK Hull

FOR GOVERNOR

And Have Joined the Constructive Republicans To Meet the Crisis in Illinois

Roused by the menace to Illinois, Progressive leaders have now struck a blow for Good Government that has stirred the state. They have called the members of their party to aid clean Republicans in nominating Morton D. Hull for governor.

Hull is leading the state-wide movement for Progress and Efficient Management in Illinois affairs. You are asked to join in this movement—your voice and your vote are greatly needed. The reasons are these:

For the past ten years, Hull, and other men like him, have forced some valuable measures for the people's welfare through the legislature. But the fight has been hard. Reactionary influences have opposed him at every turn.

Emboldened by the public's apparent indifference, these reactionaries have combined with the Thompson spoils-

men of Chicago to seize control of the party and state.

That is the calamity which you, the voters, have power to prevent.

Spoils politics must be rooted out by the result of the coming primary. Else the hands that demoralized the Municipal Tuberculosis Sanitarium of Chicago may fasten their grip on the State Institutions.

Dr. Sachs died in opposing this system of spoils.

But Morton D. Hull, and the rank and file behind him, are waging the fight to its final success.

The Progressive Resolution

Here is the text of the official resolution, introduced by Charles E. Merriam, the well-known Chicago Progressive. It was unanimously adopted:

"The Progressive Committee of Cook County, believing that Senator Morton D. Hull should receive the aid of the Progressive voters in the present contest, because of:

"His unquestioned sincerity, his unimpeachable integrity, his recognized independence and public spirit;

"His ten years' practical experience in dealing with the problems of Illinois government, as a member of the Illinois House and Senate;

"His vigorous opposition to the Spoils

System, and his aggressive championship of Merit Rule;

"His steady opposition to the raids of special privilege upon the State capital;

"His support of such constructive measures as the direct primary, and State Civil Service Law, and the limitation of hours of labor for women;

"Urges all Progressives of Cook County to support the candidacy of Morton D. Hull for the Republican nomination for Governor at the September primaries."

Shall Illinois Go Forward With Hull or Return to the Dark Days of the Past?

Shall old disgraces be re-enacted in our state? For remember, those who had to do with the legislative scandals of recent years are banding together against Hull in this campaign.

The men who profited by the infamous Allen Bill (granting 50-year franchises to the street railways companies)—they're against Hull and for the "Peoria Combine's" man.

The Lorimer Bi-Partisan organization of the General Assembly, the promoters of the Elevator Trust bill, the notorious "Jack-Pot" crowd, the "Bathroom" legislators, the "Slush Fund" spoilsmen—those who aided, guided and profited in these scandals, are now jovially consorting to nominate Lowden.

Through Lowden's candidacy they plan to regain their

lost power and restore the "good old days" which are dark old days in the history of Illinois.

Hull's nomination means their utter defeat. His 10-year record of constructive statesmanship deserves the support of your voice and your vote. The Crisis in Illinois demands your active attention.

Name Hull for governor and save your party and state. Work! Vote! Don't let the spoilsmen win by default. If you will help in this movement, send in your name and address today.

MEREDOSIA

Miss Anne Kellem of Winchester was the guest of Miss Ina Bowling Friday and Saturday.

The W. F. M. S. held a hen social in the park Thursday. Everyone was invited to bring a hen or the equivalent in money and a rhyme suitable for the occasion. Refreshments were served during the evening and the social was financially a success.

The Women's Bible Class of the Methodist Sunday School met at the home of Mrs. J. H. Looman Friday evening and went in a body to the home of Mrs. O. W. Gould and spent the evening. During the evening the president, Mrs. Belle Savage, presented Mrs. Gould with a hand painted salad dish as a remembrance from the class before her departure for her new home at Brighton. She, with her husband and son, will leave Wednesday for the above city. Mr. Gould having accepted a position of principal of the school there. They have many warm friends here who regret their departure.

CHAUTAUQUA PROGRAM NOTES.

James Whitcomb Brounger. Mr. Brounger, California's most popular lecturer and preacher is a combination of Sam Jones and Billy Sunday in style and force. He will be heard in a popular address and the management commends him unreservedly as one of the greatest attractions on the Chautauqua circuit.

Dr. Caroline Geisel.

Dr. Geisel's lectures are admirably adapted to help young people in getting the right views of life and right methods of living. Sane, strong and

intensely entertaining, she is heard year after year at many of the best Chautauquas.

Charles S. Medbury. Preaches to the largest Protestant congregation in the Mississippi Valley. He has traveled the world, was a chaplain in the Spanish-American war and has a great reputation for his work with children and the masses. He will be heard in a sparkling, popular lecture.

Sarah Mildred Willmer. Those who heard Miss Willmer last year will be delighted to know that she is on the program again this year.

Jeffries Concert Band. Our own Jeffries Band will be heard four days. The excellent work of this organization is well known to all patrons of the Chautauqua.

DeWillo. The Concertina King with is melodious instrument renders marvelous programs of real music, which, while novel and unusual, please and entertain all music lovers.

Louis Williams. This electrical entertainer demonstrates the "Wonders of Electricity" by means of elaborate apparatus. His numbers are enjoyable and instructive and appeal alike to young and old.

James M. Totten. Magic is always popular at a Chautauqua. In offering Mr. Totten, Magician, Humorist and Impersonator, the management is assured that his novel entertainment will please all the occupants of the big tent.

Senator W. S. Kenyon. Those who heard Senator Kenyon last year voted unanimously their wish to hear him again. The Senator's work in the United States Senate recently is such that all interested in the Nation's welfare should hear him this year.

The White Hussars Singing Band. This attractively uniformed singing and acting band is the only organization of its type in America. It not only renders superior instrumental music but combines in its programs splendid vocal numbers together with wholesome comedy.

Their programs are lively and satisfying, and their audiences never tire of this unusual band.

Arthur Walwyn Evans. Dr. Evans, Wit and Humorist, is a Welshman of rare platform gifts who has been so successful on the chautauqua circuit that he has been induced to give up his former work and devote his entire time to lecturing and literary pursuits. No man on the platform is in greater demand.

Sam Jordan. Sam Jordan is the man who has been "showing" the farmers of Missouri. Everyone who reads the farm papers knows about Sam and his great work in organizing and advancing the agriculture of his state. He is a forceful speaker and loses no time in making his points and sending them home, and withal sandwiches in plenty of fun.

Moving Pictures. The management has contracted with Mr. T. S. Scott to close each evening program with two reels of movies. Mr. Scott guarantees to furnish suitable, up-to-date pictures including plenty of clean fun and entertainment and, of course, he will do it.

President James A. Burns. President Burns, "Burns of the Mountains," from the mountain fast districts of Lincoln's Kentucky, a rugged man of Lincoln's type with a burning message from the mountaineers of "Old Kentucky" was the most popular orator on the Chautauqua circuit last year. His powerful and dramatic story of his life and work among his neighbors carries his audience from tears to laughter. Do not fail to hear Burns.

The Metropolitan Grand Quartet. This is the best male quartet upon the Lyceum platform. These four men, each having a great voice, sing individually in solo work and collectively as a quartet. Their voices blend perfectly and their splendid ensemble singing is unsurpassed.

Prof. G. I. Christie. Prof. Christie, Superintendent of Agricultural Extension in the rural schools of Indiana, has made the schools of the Hoosier State famous for their efficiency. He is a most excellent speaker. All interested in the development of our schools should hear him.

The Sadlers. The management knew when they signed the Sadlers for the 1915 Chautauqua that its patrons would want them to come again, and more requests for their return were registered than for any other attraction we have ever had. We are fortunate in being able to secure them again.

Bob Seeds. Bob Seeds was raised out last year. Obeying to the earnest request of those who heard him three years ago, he is coming back. Bob says he is a farmer; we know he is a humorist and that his talks always catch the crowd.

T. A. Daly, Poet and Humorist. Mr. Daly in his most popular lecture, "New Neighbors," which is a philosophical and humorous discourse, deals largely with the Irish and Italian characters which figure so prominently in his poetry.

Maude Ballington Booth. Mrs. Booth, "The Little Mother of the Prisons," is one of our country's most famous women. Almost everyone knows something of her wonderful work among prisoners. Her address deals with her work and experiences, of living facts in the great prison world in which she has been the pioneer in faith and hope for those that the world had well-nigh abandoned as hopeless.

Mr. and Mrs. Alfred Crozier and Mrs. Harry Homann and son visited Mr. and Mrs. Richard Butler, near Woodson, Sunday, making the trip in Mr. Homann's car.

LIGHT CASE PETITION MAY MEAN LONG LITIGATION

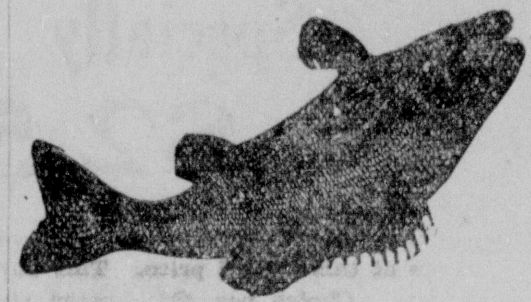

Referring to the petition for a rehearing of the Jacksonville rate case filed by the Railway and Light company, it was stated by one of the petitioners yesterday that this motion was necessary in accordance with law if the company intends to appeal from the commission finding. It was stated further that if a rehearing was denied and the appeal is filed that papers have been prepared to proceed against the company for the collection of back taxes. The company has the right under the commission form law to appeal to the Sangamon county circuit court, and if this appeal is taken it will be certain to mean quite an extended period of litigation. The company representatives have all along claimed that the rates fixed by the commission were unjust and that in fairness to the persons who have money invested in the company's securities that they could not accept the commission finding, realizing that the rates quoted did not provide an income for their investors.

Only \$1 Puts This New Hoosier In Your Home on the Famous Hoosier Plan

Prices Will Advance When this Allotment Is Gone.

Before the coming prices take effect, you may choose between the new "Hoosier Wonder" pictured here or one of the other celebrated Hoosiers—"Hoosier Beauty," "Hoosier Special" or "Hoosier De Luxe."

Hinged Door
"Hoosier Wonder" Advertised
in leading Magazines

The terms of this Hoosier Plan in our store are these:

1. \$1 puts the cabinet you choose in your home.
2. \$1 weekly quickly pays for it.
3. The low Cash Price fixed by the factory prevails strictly.
4. No interest. No extra fees.
5. This sale is conducted under the direct supervision of the Hoosier Company.

Only by grasping this opportunity at once can you be sure of getting your cabinet on the Hoosier Plan—and at the present low prices.

You realize of course that these terms could not be offered except on a very limited number of cabinets. WHY PRICES MUST BE INCREASED.

50,000 cabinets—the entire spring output of the Hoosier factory—were sold in six weeks after they announced their new models. In some cities women have been unable for several months to get this most popular style.

Now the factory has made up 20,000 more for July and August sales. The next lot, after these are gone, must be sold at higher prices. This is due to the increased cost of all raw material entering into their manufacture.

OUR SALE MAY CLOSE ANY DAY

If all the women who need the Hoosier should come for it tomorrow, our full allotment of Hoosier Cabinets would be taken before night and the sale would close. This happened in some towns during a similar sale two years ago. Yet, if women delay, the sale may last a week or more. But which now is best for you—to take chances and miss this opportunity, or come to our store tomorrow so you can find out about this cabinet and decide before too late?

BRANCH OF HUGHES ALLIANCE IS ORGANIZED HERE

Officers and General Executive Committee Named—Will Extend Organization Into Ten Counties of District.

A branch of the Hughes Alliance of Illinois was organized in Jacksonville Tuesday. It is the purpose to make this the organization for the twentieth congressional district and the officers and committees chosen will immediately undertake the organization work. The conference was held at the office of Worthington, Reeve & Green. The purpose of the alliance was explained by M. S. McMullen, field secretary of the alliance, and subsequently the officers were chosen and the work outlined in a general way. As stated in the Journal yesterday, the purpose of the Hughes Alliance, which is to be a nation wide organization, is the uniting of those interested in Mr. Hughes' candidacy regardless of their political affiliations or their preferences of men for other offices.

Those present at the conference were Thomas Worthington, Thomas Stevenson, Dr. W. O. Wait, W. L. Fay, H. C. Clement, John J. Reeve, Frank J. Heintz, Charles B. Graft and Thomas Hopper. They were constituted a general executive committee with the addition of the following, who had signified their wish to attend the meeting, but who were prevented by other engagements, E. E. Crabtree, John E. Wright, Charles S. Black, George Vasconcellos, A. T. Capps and A. L. French. While the project was being discussed, Mr. Worthington presided as president and F. J. Heintz as secretary. Following the explanation by Mr. McMullen and a general discussion of the whole plan, officers were elected as follows:

President—Thomas (Worthington). Vice President—Dr. W. O. Wait. Secretary—H. C. Clement. Representatives on the state committee—Frank J. Heintz, Thomas Stevenson.

As already indicated, the executive committee is to be enlarged and just as rapidly as possible it is the hope to extend the organization into the ten counties of the congressional district.

There will be no picnic at Lynnville Thursday, August 3rd. Ladies Aid of M. E. church.

SWIFT & CO. ANNOUNCE

BIG PENSION FUND

Two million dollars is the gift made by Swift & Co. to their employees. Announcement of the accumulation of this sum during the last six years in the form of a pension fund occasioned much gratification to workers in the plants and branch houses in all cities where it was made simultaneously. It is estimated that more than 30,000 men and women are eligible, in time, to come under the provisions of the fund which became active Aug. 1.

One of the striking features of the plan as outlined, is that the employees do not contribute to the fund, the company furnishing absolutely all money needed to pay pensions. In this connection it is expected that Swift and Co. will be called upon to pay \$400,000 a year in addition to the income from the fund, in order to meet the demands.

In Chicago alone 8,000 persons will come under the plan as outlined. Of these a number are already eligible and their cases will be passed upon by the board of pension trustees within a comparatively short time.

The pension board as organized will consist of five members who are officers or employees of Swift & Co. They are to be appointed annually by the board of directors to serve one year or until a successor is named. The board will elect a chairman and secretary. The treasurer of the company is ex-officio treasurer of the fund.

PREPARE TO BEGIN WORK ON CHAPIN ROAD F. J. Blackburn and A. E. Williamson yesterday drove over the stretch of the Chapin road on which the grading and filling work is soon to begin. They arranged tentatively to begin work at the west end of the roadway to be improved the last of this week or Monday of the next week.

The exact arrangements cannot be made until a representative of the state highway commission comes to lay out the work. An engineer is expected Thursday for this purpose and the work must begin at the point he suggests. An engine and grader and a large force of men and teams will be put on the job at once, and the work will be under the direction of Mr. Williamson. A camp will be established about five miles west of Jacksonville in order to avoid the long journey to Jacksonville for the men and teams. The working force will be adequate and the whole job will be pushed forward rapidly.

CAPT. OWEN APPOINTED DRILL MASTER AT FT. SHERIDAN

Position is One of Large Responsibilities—Has Already Begun Duties.

The many friends of Capt. L. P. Owen of Co. B, will be pleased to learn that he has been appointed as recruiting and drill officer at Ft. Sheridan, the service to begin immediately. The position is a most desirable one and Capt. Owen already has resigned his position in the office of State Treasurer Andrew Russell and will take up his duties at once.

Capt. Owen joined the state militia as a private at the time of the Spanish American war in 1898. He served during that war and remained a member of the company after it was mustered out of government service.

During the life of Co. I of the Fifth regiment Capt. Owen was promoted to corporal, then to sergeant and later to Sergeant Major. The company was then mustered out and he did not see any active service for several years.

When Company B was organized in Jacksonville in 1911 Mr. Owen was unanimously chosen as captain, which position he has held since. The new appointment is just a recognition of his ability in military affairs. Capt. Owen took the physical examination Tuesday afternoon and passed it without trouble.

The position which Capt. Owen goes to is one which places him under the direct control of the government and he becomes a Captain in the regular army. The position carries a salary of about \$3,000 per year with quarters for himself and family at Ft. Sheridan. All of the recruits from the central states will be sent to Ft. Sheridan for instruction and will then be sent immediately to the border for service. It will be a part of Capt. Owen's duty to look after the drilling of these recruits.

The promotion of Capt. Owen will place Lieut. Hale in charge of Co. B at the encampment which begins Saturday. Lieut. Hale has come to the front rapidly since joining the company. Two years ago Mr. Hale was a corporal and he has advanced now to the rank of First Lieutenant. He will take the company to camp as first officer and it is probable that he will be commissioned captain of the company while it is in camp. Such promotion would be gratifying to his many friends as he has worked hard and has proved himself to be a thoro military man.

SCHOOL PRINTING BIDS

Bids for Printing Rules and Regulations will be received at the Superintendent's Office up to noon August 10th, 1916. Specifications on Application. Right is reserved to reject any or all bids, by order of Board of Education.

RETURN FROM AUTO TRIP.

Mr. and Mrs. J. A. Munson and Mr. and Mrs. Ray Hartman have returned from a three weeks' automobile trip which took them to various points in Wisconsin and Minnesota. They traveled in Mr. Munson's Cadillac car and covered a distance of eighteen hundred miles. Mr. Munson said the trip was a very pleasant one altho the extreme heat had made more fire trouble than would have otherwise been true. The tour is found that the crops in Wisconsin and Minnesota had been more seriously injured by the long dry weather than was true in Illinois. Some damage has been done to corn in the northern part of the state but it looks well by comparison with crops elsewhere.

BOY SCOUTS TAKING TENDERFOOT EXAMINATION

Series of Questions Asked Lads Who Are Joining Organization

Boy Scouts are at present taking the tenderfoot examination which will let them become full fledged members of the organization. H. A. Brewer said last night that fourteen of the boys had already passed this examination and more were taking it at nearly all hours of the day. This test consists of various things all scouts should know. The boy who passes it successfully must know the scout law, the salute and its significance, the badge and what it stands for, the History of the United States flag, how to tie four knots of a variety which will be given them, and various practical things that every boy should know.

There will be a meeting of all scouts at the Y. M. C. A. Thursday evening at which time the organization will be completed.

RAISIN BREAD TODAY, BOTH RETAIL STORES, EAST AND WEST STATE. IDEAL BAKERY.

RETURN FROM COLORADO

Merle Cain and Larry Crouser returned yesterday from their trip thru Colorado, and the western country. They reported a delightful trip in every way. They reported that Denver saw the warmest weather this summer that she had seen for many years. The mercury was around 90 and 95 the greater part of the time, but in the mountains the temperature was very different. The weather was cool and pleasant, and made the trip all the more enjoyable.
